

# XK5GON

Team 4 : Patrick Wu, Yinrui Hu

iPhone 11 Pro Max — 13.3

# Currently ...

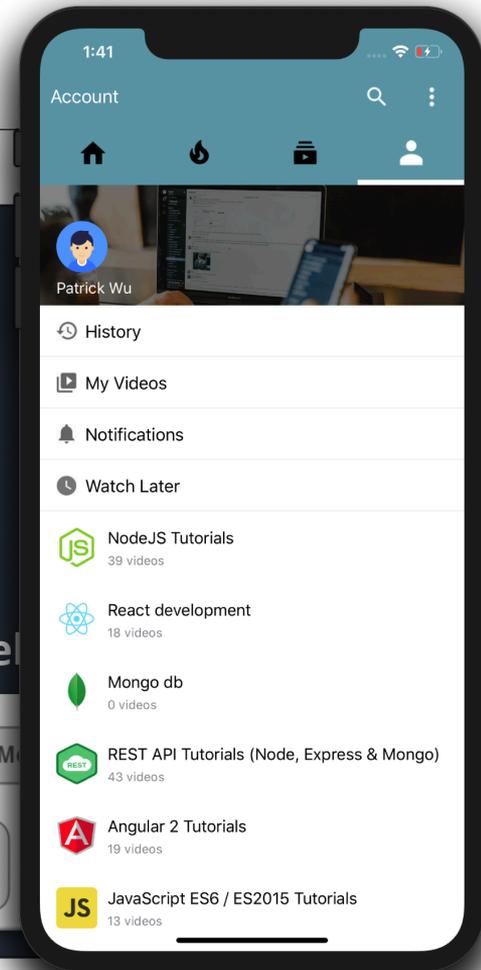

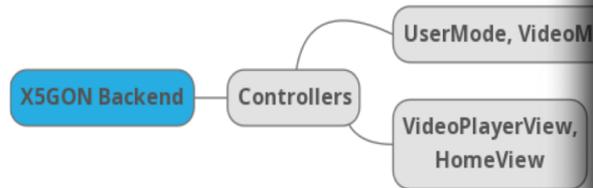

## Task & Key Requirements

- a Mobile Application that **provides users with** :
  - an authentic and mobile-friendly X5GON experience
  - learning materials catered for their needs
- **provides X5GON with** :
  - Anonymous user data that improves its ML backend

## Research & Architecture

- We researched our users by **interviewing** and made **personas** accordingly
- We designed our software architecture with **MVC Model**
